To whom it may concern:

Our Mission is to rescue, rehabilitate and restore the lives of individuals suffering from addiction and to break the cycle of criminal behavior resulting from addiction. Court Ordered Classes provides effective drug and alcohol treatment services. Our staff of certified counselors and interventionist brings a great deal of expertise to the Court Ordered Classes program. Consisting of both their educational background in dependency and their personal familiarity overcoming addiction, our counselors are role models to our clients, modeling the success that comes through the power of sobriety and from overcoming addiction. Court Ordered Classes helps our clients develop the critical skills they need to maintain a sober lifestyle, and to re-enter society as responsible and productive members of the community.
